Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Saturday 27 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Very windy initially, especially along the coast. Cold. Wintry showers.

Today:
Very windy initially, with gusts 65-75 mph along the coast and over high ground. The very strongest winds gradually ease, although windy conditions will persist. It will feel very cold everywhere, with sunny periods and scattered, sometimes heavy, wintry showers. Maximum temperature 5 deg C (41 deg F).

Tonight:
Many places dry with clear spells, a frost and icy stretches likely on untreated surfaces. Eastern areas will be cloudier with scattered wintry showers. Windy start, easing a little inland. Minimum temperature -4 deg C (25 deg F).

Sunday:
Frosty start for many areas, risk of icy stretches on untreated surfaces. Scattered wintry showers for coastal areas, and then inland later. Feeling very cold, despite sunny spells. Staying breezy. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Monday frosty and sunny start, then cloud increasing with outbreaks of rain arriving. Tuesday and Wednesday will be windy with showers or longer spells of rain, and generally milder.
